beginning of the year;

(b) whether it is also a fact that prices of finished medicine based on these drugs have not come down;

(c) if so, the reasons thereof; and

(d) action taken in the matter?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI CHINTA MOHAN): (a) to (d) The requisite information, to the extent available, has already been provided in reply to Rajya Sabha Unstarred question No. 673 answered on 28-11-1991.

6-Amina Pencillanic Acid

3061. SHRI ASHOK NATH VERMA: Will the PRIME MINISTER be pleased to state:

(a) what are the names of the companies in organised and small sector manufacturing 6-Amina Pencillanic Acid (6 APA) alongwith their capacity, individually; and

(b) whether Government are having any price control on this vital drug intermediate used in the manufacturing of a vide range of saving drugs?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI CHINTA MOHAN): (a) To the extent information is available the names of 6-APA manufacturers (for captive consumption/sale) are given in the statement annexed.

(b) As per the provisions of DPCO, 1987, Government is having price control on scheduled bulk drugs and formulations. As 6-APA is a drug intermediate, it is out of price control. However while fixing prices of downstream products using 6-APA its price is worked out taking ino consideation the notified price of indigenous Pen G, and price of imported Pen. G in the ratio prescribed in the Pen. G. distribution policy.
